

EML 4551 – Senior Design- Fall 2014
Peer Evaluation Assessment

Using 1-5 (1 being the lowest) rating scale to evaluate performance of other members of your team.

Overall team member performance is determined by adding these scores together.

Project # 6 / Title: Stow Away Pool Table

Student Name: Thomas Silva

Evaluator Name: Joel Manahan

Criteria	Weighting factor	Performance	Score
A- <u>Meeting Performance:</u> Contributes a fair share to the project needs Completes assigned tasks on time? Produces work with acceptable quality?	0.6	5	3
B- <u>Team Collaboration/ Spirit:</u> Actively participates in meetings and discussions Values and respects all team members Shoulders responsibility	0.4	5	2
Total	1	10	5

List any specific comment(s) about your colleague contribution, or lack of, to the project:

Thomas has been keeping up with the schedule working on each element of the table fabrication design and as the team leader keeps the team focused on their individual tasks as well as combined efforts in good time.

Project # 6 / Title: Stow Away Pool Table

Student Name: Matthew McHugh

Evaluator Name: Joel Manahan

Criteria	Weighting factor	Performance	Score
A- <u>Meeting Performance:</u> Contributes a fair share to the project needs Completes assigned tasks on time? Produces work with acceptable quality?	0.6	5	3
B- <u>Team Collaboration/ Spirit:</u> Actively participates in meetings and discussions Values and respects all team members Shoulders responsibility	0.4	5	2
Total	1	10	5

List any specific comment(s) about your colleague contribution, or lack of, to the project:

Matt continues to work well on the final stages of the product design, he has remained with the team in completing deliverables as well and has been helping Thomas in his work. He completes his own tasks in good time and is willing to help others and keeps up with the meetings.

Project # 6 / Title: Stow Away Pool Table

Student Name: Travis Jarboe

Evaluator Name: Joel Manahan

Criteria	Weighting factor	Performance	Score
A- <u>Meeting Performance:</u> Contributes a fair share to the project needs Completes assigned tasks on time? Produces work with acceptable quality?	0.6	5	3
B- <u>Team Collaboration/ Spirit:</u> Actively participates in meetings and discussions Values and respects all team members Shoulders responsibility	0.4	5	2
Total	1	10	5

List any specific comment(s) about your colleague contribution, or lack of, to the project:

Travis continues to work on his own parts and has contributed to the electronics research as well as some calculations needed to back up other's work. He's been very helpful and willing to do more.

List any specific comment(s) about your colleague contribution, or lack of, to the project:

Joel works on his own parts and contributes to other's work as well. He has learned what is needed for the mechatronic system with the help of Dr. Gupta and has helped in the ordering process for those needs. He also updates the website as needed.
