

Memo 5

The Sea Memories museum can be used as a model for other individuals, schools and communities due to its simplicity. The list below describes and gives example of how and why the efforts could and should be replicated.

List of examples of how project can be used as a model:

- It was an ecologic action done by one single person.
- Waste recycled into action-art to respect things and beings.
- A combination of art, ecology, pedagogy, culture, philosophy, mysticism. To soften the speech on ecology.
- It is a non stop action, in space and time giving daily integrated ideas very useful and new.
- It doesn't hurt any entities or ideologies.
- It spreads art on all aspect of life to make life seen as it is in fact: wonderful.
- Normalizing with waste to make a better partnership to the safety of all life components.
- As the action gave ideas, both are converted into poetry looking for the life symphony.
- Articulating the human intellect by animating things.
- The movement and the accumulation are endless and very productive.
- Schools can use the art, the poetry, the tales, the configurations themes, the recycling, for their programs.
- Communities are showing a single man realization to groups and entities to enhance initiatives.
- This action is universal and its ethic is valid for all the citizens of the world.
- It is a shake hand between civilizations and people.
- It is up to date from all its sides and stay for ever over the fixations and weakness.
