Executive Director of the National Society of Black Engineers (NSBE) will be visiting the FAMU-FSU College of Engineering

The Executive Director of the National Society of Black Engineers (NSBE), Dr. Karl Reid, will be visiting the FAMU-FSU College of Engineering on Wednesday, October 26, 2016. Dr. Reid will be here to sign a Pathways Partnership agreement between Northrop Grumman/NSBE and Florida A&M University. He will be available to meet with COE students from 2:30pm to 3:30pm in Room B-202. He will also be meeting with students on the FAMU Main Campus in Benjamin Banneker C Room C-13 from 5:00pm to 6:00pm.

Students & Alumni

Join us for a reception celebrating:

FAMU Homecoming 2016

Friday, October 21
College of Engineering – Building A Atrium
3:30 - 4:30 PM
**IStructE CRG YMG 2016 Fall Fundraiser**

**Purpose**

IStructE CRG YMG is a student chapter of a professional engineering organization that is made up of undergraduate and graduate students, teachers and professional engineers. Our main headquarters is in London, United Kingdom, making it challenging to connect ourselves with the network of all structural firms. This has created an opportunity for us to spread the vision to the Tallahassee community in various ways, one of them being through this fundraiser. This fundraiser in London hosts professional conferences like the Structural Awards every year and welcomes us to bring a group of students from the FAMU FSU College of Engineering to Europe as soon as next year. Therefore the fundraiser will make the commencement of a series of additional fundraising events that will raise money for students to travel. International travel costs reduced. We are currently looking for creative and driven individuals who are willing to contribute to the development of this student chapter. One thing we share in Young Members Group is our passion to solve engineering problems efficiently and sustainably. We are also currently growing the exchange program with our new partner university Monash University of Digital Sciences. As always, feel free to reach us interested in becoming a member of our organization.

**Relay For Life’s Online Fundraiser Challenge**

**Painting Express on Campus Event**

From 6-7 & 7:30-8:30, $15 Cash

**Online Fundraising Challenge**

Raise $50, get entered to win $50 gas gift card

Friday, October 21st - 0 to 50 real quiz, online Fundraising Challenge for $50 gas gift card.

- Anyone who raises $50 during the day will be entered into a raffle to win a $50 gas gift card! In order to enter the drawing, raise money all day on October 21st.

- Make sure to go to the website and sign up for their main event that will take place on Friday, April 21st via our website http://main.acsevents.org/site/TR/RelayForLife/RFLCY17FL?pg=entry&frr_id=81758
Apply to be an Undergraduate Research Opportunity Program (UROP) Leader!

In order to qualify for the position, you need to:

- Be an FSU engineering student
- Be a sophomore or junior
- Have participated in UROP or previously completed extensive research
- Have a passion for helping younger students get involved in research

As a UROP Leader, you will attend a 1-credit training course in the Spring (free of charge) to prepare you to teach a UROP colloquium class.

In Fall 2017 and Spring 2018, you will work with another UROP leader to facilitate a UROP colloquium with 10-20 UROP students.

To learn more about UROP, visit: http://cre.fsu.edu/Students/UROP-Undergraduate-Research-Opportunity-Program

To apply to be a UROP Leader (deadline is October 28, 2016) visit: https://cre3-fsu.us.fluidreview.com/

Global Scholars Program

The FSU Global Scholars program helps students secure summer internships at nonprofit organizations in developing countries around the world.

To learn more, visit http://cre.fsu.edu/Students/Global-Scholars-Program

Global Scholars Application is due on November 1, 2016. Application can be accessed here: https://cre3-fsu.us.fluidreview.com/

IDEA Grants

The IDEA Grant is a research grant for FSU undergraduate students to complete a summer research project under the supervision of a faculty mentor.

To learn more please visit: http://cre.fsu.edu/Students/IDEA-Grants-formerly-URCAA-MRCE

Check out the Center for Academic Support for Engineering

OPEN HOUSE!
CASE II LAB
(Center for Academic Support for Engineering)

Come on out and see what we have to offer!

October 26, 2016, 5pm-7pm
Benjamin Banneker Tech Bldg. C, Rm 13

Explore the benefits of the CASE II LAB and get the chance to meet Dr. Karl Reid, the Executive Director of the National Society of Black Engineers (NSBE), while enjoying refreshments.
