¹ Students taking MAC 1105, MAC 1114, and/or MAC 1140 as prerequisites to MAC 2311 should take a math course every term (including summers) until completing the math sequence.

² History, Social Science, Ethics, E-series and Humanities electives are to be selected to satisfy the Liberal Studies requirements. Students must choose one course from each of the following categories to fulfill the statewide requirements: [ARH 2000, ANT 2000, ECO 2013, POS 1041, PSY 2012, SYG 1000] and [ARH 2000, HUM 2020, LIT 20000, MUL 2010, PHI 2010, THE 2000]. Two (2) courses must include a writing "W" designation. The Liberal Studies courses taken must include two multicultural course, one course with an "x" designation and one course with a "y" designation. Students must also meet the Civic Literacy requirement by taking AMH 2020 (history) or POS 1041 (social science), or pass the U.S. Citizenship Test at FSU with a 60/100.

³ Most courses shown in the Freshman and Sophomore years of this Guide are also taught during the Summer terms, during which students are encouraged to make up missed classes. Nine (9) hours of summer credit must be taken at one of the twelve state universities in Florida sometime during the college career. EGM 3512 can also be taken during the summer.
