Tuition waiver policies will also be an important topic for graduate assistants. For information regarding tuition waivers, visit <http://gradschool.fsu.edu/waivers.html>.

7. Click **Submit**
8. Your **FSUSN** appears in a yellow box

The Graduate School Blackboard Site

The Graduate School has developed Blackboard sites for both students and faculty/staff. These two sites, "[GradSpace](#)," designed for students, and "[The Graduate School—Faculty/Staff](#)," designed for faculty and staff, house important information for each audience that concerns graduate education at Florida State University. Students as well as faculty and staff should become familiar with these sites and the information contained within them. Much of the business you will conduct with the University will be done through the FSU Blackboard system at <http://campus.fsu.edu/webapps/login/>. Academic and non-academic resources, course information and registration, and other tools are housed at the Blackboard site under the "Secure Apps" tab to protect your identity and secure your privacy. For more information contact Monica Esquibel at mesquibel@admin.fsu.edu or (850) 644-3501.

AFTER ARRIVING AT FSU CHECKLIST (chronological order)

University-wide New Graduate Student Orientation & Departmental Orientations

The New Graduate Student Orientation hosted by The Graduate School is a one-day orientation each fall semester which serves as an important guide for becoming familiar with both the FSU academic and extracurricular environments. Various campus offices and graduate student organizations host informational tables at this event. Information regarding registration for Orientation and individual workshops is available beginning in August and can be found on the following website: <http://www.gradschool.fsu.edu/Information-For/New-Current-Students>. Individual departments may also hold their own orientations. It is important for students to contact their departments regarding this information since departmental orientations are often mandatory for new students.

FSUCard

The FSUCard is your official identification card. With your FSUCard, you can pay your fees, obtain a permit to park on campus, use facilities across campus, such as the Leach Student Recreation Center and the Student Life Cinema, ride the Star Metro city buses for free, and receive discounts in various establishments throughout Tallahassee. To learn about its many uses, go to <http://www.fsucard.fsu.edu>. You must be physically present on campus to get your card if you are admitted to a degree program that is offered on the main campus. It is not possible to get your card through the Web or through telephone service.

Health Insurance Policies and Subsidy Information

Required Health Information

Health History Form: As an FSU incoming student you are required by Florida law to complete the Health History Form (including immunizations) found at <http://www.tshc.fsu.edu/> and return it to the Thagard Student Health Center before registering for classes. **All students must provide proof of immunization to the Thagard Health Center Immunization Department before they will be allowed to register for classes.** The Online Status Check located at <http://admissions.fsu.edu/statuscheck/> will indicate whether immunization records are complete and whether you are in compliance with the health insurance requirement.

Health Insurance: All full-time main campus Florida State students are required to have health insurance. You must either enroll in the University-sponsored plan or provide proof of comparable health insurance coverage. **You will be unable to register for classes until this requirement is met.** If you elect to enroll in the University-sponsored plan, charges will be assessed to your student account, and the cost of meeting this requirement will be included in your financial aid considerations. To learn more about the mandatory health insurance requirement and the costs associated with the University-sponsored plan, go to <http://studentinsurance.fsu.edu/>. (Please note that qualified graduate assistants will be provided a health insurance subsidy towards the purchase of the University-sponsored health insurance plan. For more information about the subsidy and to see if you qualify, go to <http://www.gradschool.fsu.edu/Funding-Awards/Health-Insurance.>)
