April 4, 2012

## **Undergraduate Prerequisite Policies:**

1. To satisfy the prerequisites for a class in ME, you must earn a C or better.
2. Beginning Fall 2012, for incoming sophomores in ME, the prerequisite policy will be strictly enforced for any classes having one or more of EML3002C, EML3004C, and EML3234 as prerequisites, namely EML3013C, EML3011C, and EML4550.
3. At the discretion of the instructor, for classes beyond those listed in 2, a student may be allowed to register for a class for which the grade in a prerequisite class was D. Under no circumstances will a student be allowed to remain in a class if he/she has an F in any prerequisite class.
4. Due to the nature of the curriculum in the Junior and Senior years, at the discretion of the Department, a student may be allowed to graduate with one D under extenuating circumstances in which it is not possible to make up the grade in a timely fashion. A 'D waiver' may be applied for no earlier than the Fall term in which Senior Design I, EML4551C, is taken. The only courses to which this applies are those listed in the ME curriculum as Junior or Senior.
